Fact Sheet

Who we are.

We are a 6 person web design and marketing firm located primarily in North Central Texas. Since 2005 our clients have entrusted us with the task of putting their ideas on the web. This is a task we take seriously as we continually raise our standards of creativity and excellence.

With more than 25 years of combined marketing experience, the people at Three Stream offer a wealth of insight into your particular business needs. We pride ourselves on honesty, active listening and our ability to speak in plain English.

What we do.

Web Design & Development

We specialize at creating clean, goal oriented websites that produce measurable results for businesses. Our work is search engine friendly, easy to update and manage, and built to the highest standards of coding on the web.

Internet Marketing Strategy

Our staff is comprised of marketing experts who are Authorized Google Adwords Consultants. We use an integrated approach to drive measurable traffic to your website so you can easily understand your return on investment (ROI).

Graphic & Print Design

Your business needs high-quality print collateral to build your brand. Our designers specialize in professional looking business cards, flyers, brochures and other materials that reinforce your marketing strategy.

Email Marketing

Using our in-house email app, 3mail (www.get3mail.com), we can provide either full-service email campaigns, or templates for your staff to manage. 3mail also tracks performance metrics such as open and click-through rates.

Search Engine Optimization (SEO)

Our time proven methods for optimizing websites for search engine performance deliver exceptional results for businesses - even for very competitive search terms. We have years of SEO experience, and it shows in our results.

Training & Consulting

It is typically most cost effective to manage your marketing strategy using your existing staff. Our team can train you and your staff to be more effective in your marketing and communications to customers.
